

Copacabana Beach

Release Date: Early 2026

Under the golden embrace of Brazil's sun, a group of middle-school pals—now in their twenties, still inseparable—are about to carve new memories into Brazil's iconic shores of Copacabana Beach.

Reuniting to check off their first item from their weathered bucket list, laughter cutting through the crash of the Atlantic coast as they battled the waves, just like they sketched in classroom notebooks and sleepovers a decade earlier.

They grab surfboards, laughter slicing through the ocean breeze as they ride turquoise swells. Later, they trade wetsuits for volleyball as they spike and chase beneath the golden sun, their competition spiced with playful banter that harks back to their teenage years.

INSTRUMENTS USED

Guitar, Drums, Synthesizers, Percussion, Piano
