

# I Love 2 Love

**Release Date:** February. 20th, 2026

Telling the story of a man who loves to love—with depth, promising forgiveness, because his love is built on grace, patience, and understanding. He fondly tells his wife how enamoured he is of her lingering blush at his jokes and her continued interest in his humour, reinforcing the joy and tenderness they share.

As a symbol of promise, he gives his wife a heart-shaped locket, his heart forever sealed with hers, carrying their love close to their hearts wherever they are.
